The Purpose of Life and the »Other Worlds«

with Gita Saraydarian

We, TSG and the Verein G.I.B. **Gemeinschaft Integralen Bewusstseins**, are pleased to announce a Seminar with **Gita Saraydarian** in Austria.

The seminar will take place from **21 - 23 Aug. 2009** in **Neuberg/Steiermark/Austria**.

The seminar is based on the newly published German translation of **"Other Worlds", "Andere Welten"**.

The venue will be a former Cistercian Cloister **"Stift Neuberg"**.

The seminar is being organised in cooperation with TSG Germany and TSG UK. For further information please refer to the Registration information below.

The Purpose of Life and the »Other Worlds«

We will present a dynamic seminar on the process of soul consciousness and our growing relationships with the Higher Worlds.

The Higher Worlds are planes of consciousness beyond the physical level. There are seven levels of consciousness and every human being has the privilege of growing and expanding into all the levels. The richness of life and the treasury of wisdom are contained in the Higher Worlds. As humanity matures in soul consciousness, we will be able to make the decisions in our life and in the life of our family and nations that are more beautiful, more righteous, more life sustaining, and more harmless.

Every being on the planet is created to work as a unit in order to have a balanced and beautiful life. Once we understand that all of us are involved in this building process, our life on earth will improve in every way.

Eventually, humanity will be able to live righteously and have opportunities to grow and be healthy and have vibrant lives. It all depends on how we understand life beyond the materialistic and self-centred focus.

Already we see in so many nations across the planet individuals and groups with a clear understanding and striving toward soul consciousness in cooperation with the purpose of our life.

The seminar is designed to nourish the physical, emotional, mental, and spiritual bodies. It will consist of lecture presentations with Gita Saraydarian, group discussion, sacred songs and sacred dance, and meditation and visualization. It will be a full experience that is life changing and consciousness expanding.

Seminar presented in English with simultaneous translation into German.

What is the Purpose of Life?

There are goals on various levels, but through them runs the thread of the supreme Purpose. We have personal, group, national, global, solar, galactic and Cosmic goals. Each goal carries man toward his spiritual destination: the Purpose.

The human Essence has its destiny within its Core. Destiny is different from a goal in that a goal is a step leading to destiny – the Purpose.

(Excerpted from »Other Worlds« pp. 573-574, Chapter 62, by Torkom Saraydarian)

What are the »Other Worlds«?

Detachment and purification of karma will open the doors to higher planes, and the human soul will build the communication line between all worlds. This communication line is the continuity of consciousness.

Detachment allows the increase of psychic energy, and purification of karma enables man to use the psychic energy constructively or goal-fittingly. A person of human, or earthly, consciousness cannot penetrate into the strata of higher dimensions unless he detaches himself, frees himself, from his karmic burdens and has a great amount of psychic energy in his possession.

(Excerpted from »Other Worlds« pp. 19, Chapter 1, by Torkom Saraydarian)

The joys on this earth compared to the joys in higher realms are like fire-flies next to the Sun. Each advancement toward the Most High, toward the Source of bliss, is a revelation within your being, the Essence of the Most High, the Essence of the Supreme Bliss.

(Excerpted from »Other Worlds« pp. 585, Chapter 63, by Torkom Saraydarian)
